

Job Title: Market Access Analyst

Start: Flexible

Location: Remote, UK based

Initiate

Initiate is a global market access strategy consultancy working with novel products designed to help people living with rare or life limiting disorders.

We are part of Synaptiq Health, a collection of individual, best-in-class agencies and consultancies with offices throughout Europe and the US who provide life science clients with integrated or stand-alone support services across the three key components critical to product success; INSIGHT, ENGAGEMENT and ACCESS.

Our core values are **collaboration, empowerment, integrity** and **pragmatism**. We seek to recruit extraordinary talent in those who not only hold these same values but have a passion to succeed, deliver and grow.

Job Purpose: To support our clients and the market access team. This includes assessing the epidemiology, disease management, unmet medical needs, burden of disease, cost of illness, relative efficacy and safety, cost-effectiveness and budget impact of health technologies, as well as supporting strategic pricing and marketing, value proposition development, refinement and communication.

Responsibilities

Collaborating with colleagues Analysts, Consultants and team members to successfully deliver a range of projects including:

- Developing clinical summaries, product dossiers and value messages to support reimbursement submissions.
- Analysing and interpreting reimbursement and pricing information to support health economic and strategic market access projects for global pharmaceutical and biotechnology clients.
- Primary and secondary research
- Development and management of project plans
- Development of proposals, pitches and business development

About you

- Ideally relevant healthcare/science degree with experience in a market access role. Prior Market Access experience is desired, but not essential.
- Degree (or equivalent) in economics, statistics, maths, or sciences
- Ideally a post graduate MSc or Phd in Health Economics, or any related domain
- Highly organised
- Customer service focus
- Ability to manage time and workload effectively.
- Strong problem-solving skills
- Strong attention to detail
- Excellent communication skills, both written and verbal are essential.

- Fluency in English (written & spoken) is required
- Strong level of proficiency in MS Excel, Word and PowerPoint is essential
- Ability to work independently as well as in a team.

Additional benefits

- Competitive salary
- Bonus scheme
- Birthday off
- 25 days holiday (excludes bank holidays)
- 3 days leave 'Privilege Days' at Christmas time
- Healthcare insurance scheme
- Personalised development programme
- Bike2work scheme
- Use of onsite gym and/or subsidised gym.
